Express Motor Delivery for SIEMENS SERVO MOTORS

Limited-time, Introductory Discount Promotion

We've listened to your feedback!

For emergency situations, where repair isn't a viable alternative, Siemens has developed a new and improved Express Motor Delivery program.

Siemens has a local inventory of select Servo motors, new from the factory. These motors can be quickly modified to match your specific motor requirements.

With Express Motor Delivery, you can receive your newly modified motors faster than alternative options, oftentimes in 24-48 hours after acceptance of order.

Promotion overview

For a limited time, Siemens is offering discounts to customers who order Express Motor Delivery before December 31, 2017.

Order Type	Promotional Discount
Express Only	10%
Express + Repair	15%

Express Motor Delivery Program

Siemens has stocked base models of 1FT6, 1FT7, and 1FK7 Servo Motors, along with their common components to modify new motors to meet your unique request.

Delivery is subject to material availability. Qualifying purchase orders must be received by December 31, 2017.

Express + Repair

Siemens recommends ordering a replacement motor through our Express Motor Delivery program while your defective motor is sent in for repair. This will provide you with a spare motor once your repaired motor is returned.

Contact Siemens Today

For availability and pricing, our customer care center can be reached by email at cncparts.industry@siemens.com or by phone at 1-800-879-8079 (option 1)
