- Final determination of program benefits will be at the sole discretion of Siemens.
- All decisions are based on the records of Siemens. Siemens reserves the right to modify the terms and conditions or terminate the Market Builder Channel Partner Program at any time.
- The distributor is accountable for calculating purchases from Siemens net of any rebates, credits, and returns submitted during the program year when figuring their year-end purchasing objectives needed to attain sales goal levels for incentive payouts included in this program. Siemens may provide estimated sales needed to attain payout levels from time-to-time for general guidance only.
