Compact Ethernet Layer 2 switches are designed for tight spaces and come with a full array of intelligent functionality for robust operation in harsh industrial environments.

Designed to operate reliably in harsh environments, the RUGGEDCOM Compact Ethernet Layer 2 switches provide a high level of immunity to electromagnetic interference and heavy electrical surges typical of environments found in electric utility substations, curb side traffic control cabinets, and factory floors. An operating temperature range of -40°C to +85°C coupled with hazardous location compliance, optional conformal coating and a galvanized steel enclosure allow the RUGGEDCOM Compact Ethernet Layer 2 switches to be placed in almost any location.

The embedded Rugged Operating System (ROS) provides advanced cyber security features and comprehensive networking functions such as Enhanced Rapid Spanning Tree (eRSTP), Port Rate Limiting, and a full array of intelligent functionality for high network availability and manageability. Coupled with ruggedness and durability that is designed in from the onset, the RUGGEDCOM Compact Ethernet Layer 2 switches are ideal for creating mission critical, real-time, control applications where high reliability and availability is of paramount importance.

All RUGGEDCOM products are backed by a five year warranty and unsurpassed technical support.

**Common features**
- Long haul fiber support
- High immunity to EMI and heavy electrical surges
- Serial management console
- Fail-safe relay
- -40°C to +85°C operating temperature (no fans)
- Fully integrated power supply
- Universal high-voltage input: 120 V AC DC and 230 V AC/DC (excluding RUGGEDCOM i800 product family)
- Low voltage DC input: 12 VDC, 24 VDC or 48 VDC

**RUGGEDCOM Product Information**
- General background information

Product family Compact Ethernet Layer 2 Switches
- *Family brochure*
- RUGGEDCOM RSG907R & RSG909R
RUGGEDCOM RS900
9-port managed Ethernet switch with fiber uplinks
• 6 x 10/100BASE-TX + 3 x 100BASE-FX
• Hazardous location certification: Class 1 Division 2 Integrated power supply

Data Sheet: RS900
User Guide: RS900
Installation Guide: RS900

RUGGEDCOM RS900GP
10-port managed PoE Ethernet switch with Gigabit uplinks
• 8 x 10/100BASE-TX 802.3af/at compliant ports
• Up to 2 x 10/100/1000BASE-T or 2 x 100/1000BASE-X

Data Sheet: RS900GP
User Guide: RS900GP
Installation Guide: RS900GP

RUGGEDCOM RS940G
8-port managed Gigabit Ethernet switch
• 6 x 10/100/1000BASE-T + optional 2 x 1000BASE-X
• Hazardous location certification: Class 1 Division 2

Data Sheet: RS940G
User Guide: RS940G
Installation Guide: RS940G

RUGGEDCOM RS900G
10-port managed Ethernet switch with Gigabit uplinks
• 8 x 10/100BASE-TX + 2 x 1000BASE-X
• Railway application certification: EN50121-4
• Hazardous location certification: Class 1 Division 2

Data Sheet: RS900G
User Guide: RS900G
Installation Guide: RS900G

RUGGEDCOM i800 product family
Unmanaged or managed Ethernet switch
• Four models to choose from with up to 8 x 10/100BASE-TX and up to 3 x fiber ports
• -20° C to + 60° C operating temperature (-40° C to + 85° C optional)

Data Sheet: i800
User Guide: i800
Installation Guide: i800

RUGGEDCOM RSG920P
20-port managed Gigabit Ethernet switch with PoE
• 12 x 10/100/1000BASE-T + 4 x 100/1000BASE-X SFP + 4 x 10/100/1000BASE-T PoE (802.3af/802.3at)
• Powers up to 4 PoE enabled devices when used with optional RPS1300 companion power supply

Brochure RSG920P
Data Sheet: RSG920P
User Guide: RSG920P
Installation Guide: RSG920P

RUGGEDCOM RS950G
Managed Gigabit PRP/HSR RedBox
• 1x 100/1000BASE-X SFP local port, 2x 100/1000BASE-X redundant ports
• 2 x HSR/PRP ports
• Gigabit throughput

Data Sheet: RS950G
User Guide: RS950G
Installation Guide: RS950G

RUGGEDCOM RS900M OEM module
10-port managed Ethernet switch module for OEM applications
• Supports up to 10 x 10/100BASE-X or 8 x 10/100BASE-X and 2 x 10/100/1000BASE-X
• Full Rugged Operating System (ROS®) feature set
• Compact design and small footprint (3" x 4")
• Low power consumption

Data Sheet: RS900M
User Guide: RS900M
Developer Guide: RS900M
