INSTRUCTION INVOLVED

MYCRO 383 Multi-Point Display Station Installation And Service Instruction, SD383, Issue 1

SUBJECT

Panel and Enclosure Requirements

DISCUSSION

The following information supplements that found in SD383, Section 2.1, Installation Considerations.

The panel or enclosure into which a Factory Mutual approved MDS and its case are installed must comply with ANSI/ISA Standard S82.01.

The panel or enclosure and MDS case rear terminal AG must be connected to a safety ground to protect installation, operating and maintenance personnel.
